Millennium Settlements, Inc., *the nation's leading provider of structured settlements for plaintiffs and their legal counsel*, is pleased to announce its expansion to the West Coast.

Although Millennium Settlements has been an industry leader since its inception in 1984, it has been predominantly known as an East Coast structured settlement company. As its East Coast presence has grown to include quality consultants throughout the United States, the company has recently expanded to include a West Coast corporate office in San Diego, California.

With its founding headquarters in Tallahassee, FL, the opening of an additional corporate office in California, and offices in fourteen states—including Alabama, California, Florida, Georgia, Hawaii, Indiana, Illinois, New Jersey, New York, North Carolina, Pennsylvania, Texas, Utah, and Virginia—Millennium has over 40 Settlement Consultants ready to assist attorneys and their claimants anywhere in the U.S.

Millennium Settlement Consulting and its proprietary Level 5 Consulting process is unique in the industry, designed to meet the varying needs of each client through an innovative settlement planning approach that brings results. Our structured settlement consultants offer the most comprehensive advisory services and financial products in the industry. We customize the design of each settlement plan to work specifically in the best interest of our clients and their families, ensuring protection of their financial future. Personal injury attorneys praise Millennium's ability to provide useful insights and negotiation assistance through our comprehensive case preparation and litigation support services.

Millennium provides a vast array of services at NO COST to attorneys and their clients, including:

- Initial data gathering on each case—the earlier a Millennium Consultant is involved in the litigation process, the better they
